Marko Gavrilovic was born in Belgrade, Serbia, in 1975. He graduated from the Academy of Applied Arts and Design in 2001.

In the following years, Gavrilovic practiced acrylics, sculpture, design, illustration, and drawings.

He opened a design studio in 2002, where, with his team, throughout the years, Gavrilovic has created more than 200 light-designed pieces.

He is known for his works of the bull and city painting series as well as plastic sculptural lighting forms, which naturally has led him to the point where art and design cross paths.

Gavrilovic is a member of the Association of Applied Arts Artists and Designers of Serbia. He was a laureate in 2013, for 60 years of the founding of ULUPUDS, of the best show exhibition prize.

Gavrilovic represented Serbia with his painting " Unbeatable" at the International Global 2010 Fine Art Exhibition for the FIFA World Cup, an art event dedicated to lovers of art and sports.

In 2015, he represented Serbia at the Milan EXPO with his light installation "Circle of Light. Up until now, he has had over 20 solo exhibitions and more than 100 group shows. His paintings, sculptures, and light installations can be found in private and public collections around the globe.
